TEST OF ARMY RATIONS.

Washington, June 5.—Colonel Charles Smart of the medical department of the army has arrived in Washington from a trip across the praries of Oklahoma with a party of soldiers, who were engaged in making a practical trial of the utility of the new emergency ration. The party was made up of 44 cavalrymen under command of Captain O. S. Brown, First cavalry. They left Fort Sill May 17, and after living on full rations for two days turned to the emergency ration and lived upon that for 19 days, eight of which were pleasant weather. The ration consisted of 8 ounces of hard bread, 5 ounces of beans, 2 ounces pea meal, 1 ounce coffee, 1 tablet of saccharine, ¼ ounce of tobacco and portions of salt and pepper. The men traveled 21 miles a day, losing an average of three pounds of flesh, but gaining strength to an average of 40 pounds per man, as shown by a dynamometre. Another party of cavalrymen traveled along on parallel lines with Captain Brown's party, using full rations. They lost an average of 1 1-3 pounds per man, owing to the change from garrison life.

WHOLESALE APPOINTMENTS.

Washington, June 5.—The rule announced shortly after the administration assumed charge that postmasters would be allowed to serve out their full terms unless removed for cause has been modified, and it is expected that wholesale appointments to postoffices will be made soon. It is officially announced that the president and the postmaster general will consider as having expired all appointments which are due to expire between now and July 15. The reason assigned for the modification of the announced policy of the administration is that it is the desire of the postoffice department to fill as many offices as possible before the expiration of the fiscal year, July 1, in order that accounts may be begun with a new quarter.

RECORD OF LYNCHINGS.

New York, June 4.—Incidental to the Urbana (O.) story, The World prints the statistics of lynching in the United States since Jan. 1, 1896. It is shown that there were 141 persons lynched in 1896. Of these lynchings, 131 occurred in the South and 10 in the North; 86 were negroes and 57 were whites. The World's list for 1897 shows that there have been 47 persons lynched so far this year. The usual proportion between whites and blacks is maintained.

WALTZING RECORD.

Livermore Falls, Me., June 5.—At a ball held here by the Foresters a prize of a gold ring was offered to the lady who waltzed the longest without stopping. Twelve couples competed. Miss Bessie McGraw, the winner, and her partner waltzed 5 hours and 25 minutes. For a continuous waltz this record probably not only breaks the state, but also the New England record.

GUNS FOR OUR HARBORS.

New York, June 5.—Lieutenant Colonel A. S. Kimball, deputy quartermaster general, has called for bids for the transportation of a number of guns from Sandy Hook to some of the principal fortifications throughout the country. Four 10-inch guns are being sent to Long Island head, Boston harbor, and four to Portland Head, Portland, Me.

A Rap at Adams Methods.

The Boston Journal is having some fun out of the Postmasters Smith of Adams. The Boston paper evidently don't know the character of the men it speaks of, just as it often fails to know what it is talking about, but its ideas are worth giving to see if its implied prophecy will ever come true. The Journal says:

There are two brothers in Adams, named Peter Smith and Fred Smith. Their exchange of positions, as explained in one of the Western Massachusetts papers, has been amusing enough to entertain the delegates of the Universal Postal Union, when they visit us. Fred Smith is a Democrat and was Postmaster of Adams under the last Administration. His brother Peter was his assistant. Peter Smith is a Republican, and under the present Administration he has crowded his brother out of his office. Peter is now postmaster and Fred is his assistant. This is such a happy state of affairs that we trust the paper which explains it is quite accurate.

We commend this example to postmasters in small places all over the country. It may even brighten the homes of husband and wife who hold varying views upon political subjects. If Bill Perkins, who sells the stamps at Tin Cup, Texas, believes in a tariff for revenue only, an incoming Republican Administration need carry no terror to his heart, if Sal Perkins, his "woman," believes in a tariff for protection. As they are perhaps the only inhabitants within a day's journey of the office, they are reasonably sure that they can make the proper arrangements with the president, who has at heart only the interests of the citizens of Tin Cup. The Smiths of Adams have led the way to a reform in our postal service.

LOCAL INTELLIGENCE.

—Mrs. R. Stevenson of 70 Bracewell avenue is seriously ill.

—A son was born Thursday to Mr. and Mrs. John Gilbert of Frances street.

—A district branch convention of the Epworth league will be held in Pittsfield next Wednesday.

—The civil service examinations for the post office are being held at the city hall today. There are five applicants.

—Harold Brower while playing near his home on Tanner street Friday evening fell off a pile of lumber and broke his collar bone. Dr. Dewey attended.

—The cushion-frame bicycle is the latest. One was exhibited in this city today and all who saw and tried it were enthusiastic in its favor. For ease in riding it is as much superior to the ordinary wheel as a spring wagon is to a truck.

—Captain J. Kemp, division mercy box agent and social secretary, manager of Workingmen's hotel, Boston, will speak on the philanthropic work of the Salvation Army on Monday, June 7, at 8 p. m. in Salvation Army hall, Eagle street. All are welcome.

PERSONAL PARAGRAPHS.

Edward J. Dempsey of Williamstown has taken a position in P. J. Malone's drug store on Eagle street.

Mrs. Julia Kelliher of North street is spending a few days in Springfield.

Mrs. E. T. Shurter and daughter returned today to their home in Hartford, Conn., after a visit of several weeks at the home of her father, Eber Sherman, of Bracewell avenue.

Jas. Hanley of Houghton street has returned from a three weeks' stay in Fitchburg.

SAGASTA IN FAVOR.

Spanish Liberal Leader Is Prepared to Deal With Pending Questions.

Madrid, June 5.—Senor Sagasta, the Liberal leader, after conferring with the queen regent at the palace yesterday, said he had told her majesty that the Liberals were prepared to deal with all pending questions. Public opinion continues to favor a Sagasta cabinet.

Everyone is convinced that the main question at issue in the present crisis is the selection of a new governor of Cuba capable of convincing the people that Spain is in earnest in the matter of colonial reforms. The crisis is likely to be prolonged, but there is a significant change of tone visible in the Conservative papers, which are beginning to hint that the future fate of the Conservative party is not altogether dependent upon Captain General Weyler. The impression gains ground that rather than see the Liberals in office the Conservatives would consent to recall Weyler, and it is believed that Marshal Martinez Campos is willing to replace him.

It is understood that Senor Sagasta informed the queen regent that if the Liberals came into office through the refusal to countenance foreign dictation the recall of Captain General Weyler would be among the first steps taken.

The queen regent is expected to consult Marshals Blanco and Dominguez on the military aspects of the situation in Cuba, and there is great anxiety to learn the result of the long conference between her majesty and Marshal Campos.

A MURDERER ESCAPES

Twice Sentenced to Hang, a New Jersey Murderer Escapes His Doom by Law's Delay.

[Special Dispatch to the Transcript.]

Newark, N J., June 5.—Supreme Court Justice Depue today ordered the discharge from Essex county jail of Honey Kopl who was convicted of murdering his cousin, Joseph Prelnel, and was twice sentenced to be hanged.

The court of errors and appeals had set aside the conviction of Kopl and ordered a new trial. Prosecuter Crane of Essex county had made no move toward setting a date and it was then Lawyer Henry served notice that a date would have to be set or Kopl released.

As the principal witness against Kopl had died the prosecution thought it a useless expense to try him again. Kopl's first trial commenced on January 11, 1895. He was sentensed on February 21 to be hanged on March 20, 1895. The second date for his execution was set for February 1896.

BULLET PROOF.

A Newly Invented Cloth Proves to Be Impenetrable to Bullets.

[Special Dispatch to the Transcript.]

Chicago, Ill., June 5.—With the dead body of a woman for a target, the bullet proof cloth invented by Casimir Zegiena, a cloistered brother of the Order of Resurrectionists, was tested last evening at the Chicago College of Dental Surgery in the presence of a number of professors, army officers and citizens interested in the science of bodily armor.

The test was conducted under the supervision of Lieut. Stanislaus DeKorwin Sarnecki of the Austrian army. A 44-calibre revolver was first put into practice after the upper portion of the body had been incased in the alleged impenetrable cloth. Thirty shots failed to pierce the cloth, fired at a distance of from three to fifteen paces.

A 38-calibre revolver was then brought into use and the representative of the inventor demonstrated that it is impossible to puncture the texture with such missile. While the cloth or outer portion of the armor had been disfigured but slightly, an examination later by Dr. Lonard C. Borland revealed the fact that two of the ribs on the right side of the body had been shattered by the force of the bullet coming in contact with the bullet proof cloth.

Aside from the bruises in those parts of the body with which the bullets came in direct contact, there was no indication that bullets had been directed against it.

Excitement Still Runs High.

(Special Dispatch to the Transcript.)

Urbana, Ohio, June 5.—The sensational events of yesterday attending the hanging of the negro Mitchell are not over yet. A mob is organizing to go after the sheriff who escaped to Springfield and threats are made against his life.

He is held responsible for firing on the citizens. The militiamen dare not show themselves and some have fled from town. Some of the victims claim to know who shot them and several trashings are laid up. Theodore Bell, father of Harry Bell, who was killed, threatens to kill Captain Leonard on sight.

URBANA'S LYNCHING.

Two Citizens Killed and Ten Wounded by Volley From Militia.

THE GOVERNOR IS INVESTIGATING.

Sheriff McLean Flees to Escape Angry Townsmen.

Urbana, O., June 5.—Two men were killed and 10 wounded yesterday morning by shots fired by a company of the Ohio national guard in the defense of Charles Mitchell, a negro rapist in jail at this place. In spite of the militia, the men finally entered the jail and lynched the prisoner. All of the victims were innocent citizens who were spectators at the scene of excitement.

In addition to this list, it is feared that Mrs. Eliza Gaumer, who was assaulted by the negro, will not recover, and several of the injured are in a serious condition. There is intense feeling against some of the officials and further complications are expected. While the past two nights and days witnessed scenes of lawlessness and bloodshed, yet the feeling at no time has been as intense as it is now. The body of Mitchell was exposed all day in a rough coffin and it intensified the feeling among the crowds who viewed it. The bodies of the citizens who were killed were tenderly cared for, and their funerals tomorrow will tend to keep alive the bitter feeling. Several of the wounded will be crippled for life.

One week ago, Mrs. Eliza Gaumer was assaulted by Mitchell at her home in this city, near the courthouse. The brute accomplished his purpose. Keenly realizing her position the woman requested her son to announce that she was assaulted for robbery. It was given out that Mitchell attempted to force her to sign a check for $500.

But as Mrs. Gaumer's condition became more serious the facts became known and it was also stated that the negro was afflicted with a loathsome disease. The negro was first held for robbery, but on last Wednesday was arraigned for criminal assault. Mrs. Gaumer was unable to appear in court and the hearing was held at her home. As Mitchell entered her room she exclaimed: "The brute, hang him, how dare you face me again, you brute."

Soon after the identification on Wednesday, at Mrs. Gaumer's home, there was talk of lynching. Crowds surrounded the jail that night and the sheriff and the local militia had trouble in protecting the prisoner. Thursday night a grand jury was impanelled, and it soon returned an indictment for criminal assault.

Mitchell, disguised in a soldier's uniform, was brought from jail into court. He waived the reading of the indictment, pleaded guilty and was promptly sentenced to 20 years in the penitentiary, the maximum punishment for his crime.

An attempt was made to take Mitchell to Columbus at 10 p. m. But the crowds, which had gathered about the courthouse, made a rush for the jail when the wagon drew up. The military drove them back, but the mob increased in numbers and grew more threatening. Sheriff McLean and the troops had all they could do to hold the jail, so the trip to Columbus was given up.

In the meantime crowds had also surrounded the depots so as to make sure the man should not be taken away. As the night wore on, the mob increased, and the shouts and murmurings indicated that it was in dead earnest. Inside the jail the sheriff and his deputies and one company of militia were posted to the best advantage, for it was apparent that grim work would be necessary to protect the wretch, who cowered in his cell as the angry roar of the mob surged and rose in the air.

It was just 1:30 when the first attack was made on the jail, and the military began firing. Over 20 volleys were poured into the crowd and the mob was repulsed, leaving four killed and 10 wounded.

The range was close, but the soldier's fired wildly. Of the killed and wounded nearly all were on the outskirts of the crowd, those immediately in a direct line of fire escaping. The volley drove the crowd back a little way and it was found that two men, named Higgins and Bell, had been instantly killed. When their bodies had been picked up in the courthouse square it made the crowd furious. After the dead and wounded were cared for, the crowd rallied.

The lynching occurred in bright daylight and no masks were worn. The local militia had been on duty two nights and they did no more shooting. Governor Bushnell had been asked for more troops during the night, and before 7 a. m. a company from Springfield arrived. Just then the local company was withdrawn from the jail. Mayor Ganson met the Springfield company en route from the depot and sent the troops back, saying they were not wanted. The mob seeing the way open, broke for the jail. No force was needed, as Sheriff McLean delivered the keys and the crowd soon found Mitchell's cell. Throwing a rope over the trembling wretch's head, he was dragged out, receiving some kicks and blows. When the outer door was reached the noose slipped off, and Sylvester Zimmerman tied it so securely as to receive the cheers of the crowd.

The rope was thrown over one of the limbs of a tree in the courthouse yard. Mitchell was jerked up until his head struck the limb and his neck was broken and then his body dropped to the ground. The crowd repeated the jerking several times until they were sure he was dead. While the body of Mitchell was lying on the ground hundreds crowded about to see it. The colored people were greatly excited. They had previously met and adopted resolutions for the punishment of Mitchell, but many of them offered the opinion that he was not guilty. Women and children, as well as a multitude of men, witnessed the lynching.

There was no attempt at disguise or secrecy. The assemblage in the public square was as open as any public meeting that had ever been held in that place.

An hour or more after the lynching, Mitchell's body was picked up and placed in a rough coffin, but left under the tree, where hundreds of people continued to view it. Later in the day the body was removed by the coroner. Meantime crowds of people poured into the city from all surrounding towns and viewed the blood-stained steps of the jail and the marks of the bullets on the surrounding houses.

Governor Bushnell is here to investigate the trouble, and especially the action of the troops. Citizens from Urbana asked him for protection by the troops for Sheriff McLean, against whose life threats had been freely made.

Sheriff McLean left yesterday afternoon for Dayton. He escaped by the back door of the jail, and claims that dynamite was being prepared to blow him up. In the excitement and bitterness that prevails it is almost impossible to get at the facts as to the responsibility for the loss of life, but it is generally claimed that Sheriff McLean ordered the troops to fire.

FIN DE SIECLE INDIAN FIGHTING

While the situation at Lame Deer agency continues to excite the gravest fears of the correspondents at Helena, it is not thought necessary as yet to recall General Miles from his lunches in the Levant or to require Secretary Alger to cancel his monument and exposition engagements. At midnight the following had uprisen:

Capt. Stouch of the Lame Deer agency.
Sheriff of Custer county.
General deputy sheriffs
Gov. Smith of Montana.
Secretary of Interior Bliss.

A band of musicians had broken out and the officers and their wives at Fort Custer were dancing at last reports, but as the court martial is thought to be ample to deal with any trouble in that quarter, they are not classifiable as a part of the uprising proper.

The "massacre" had its inception in the raid of a tribe of deputy sheriffs upon Lame Deer agency. They stole upon the agency unexpectedly and disassinated the repose of the reservation by demanding that certain Indians accused of murdering a sheep-herder be delivered to them to serve the ends of justice and furnish the deputies with fees. Captain Stouch, the Indian agent, lifted the hair of every deputy with a sweeping assertion of his authority and sent the posse flying back to Helena. At this juncture the war correspondents, late of Key West, later of Larissa and Pharsalos, arrived at Las Chance Gulch. They flew to the telegraph office and apprised a startled world of the campaign of slaughter inaugurated by the Cheyennes.

Gov. Smith communicated with the President, informing him of the violence done to the dignity of the deputy sheriffs of Custer county by the hostile Indian agent. Secretary Bliss dared Capt. Stouch to disperse and lay down his arms, and receive the deputies with the consideration and respect due their station. The Indian agent was practically instructed to close out any murderers he might have on hand to the deputy sheriffs at their own terms.

The latest advices tell of the departure for the agency of two troops of cavalry from Fort Custer and the gradual closing in of the deputies upon the Indian agency. The deputies are armed with a warrant for Capt. Stouch for interfering with them and their fees.

Nothing has been heard from the Cheyennes. It is supposed that they are busy with their spring planting.

The corse of General Custer has turned over in its grave.

IF SENATOR ROAN HAD DONE IT!

There is much difference as to who speaks in political life. A great Western newspaper observes that if some other senator than Tillman were to make the charges that Senator Tillman made, they would attract attention. But as it is, most people will say, "It's only Tillman rehearsing the sensations of the New York Journal." What a profound sensation would have occurred throughout the land had such a man as Morrill or Hoar made the charge that members of the Senate who had prepared the sugar schedule had engaged in financial speculation on the strength of the effect which they knew the announcement of their official action would be sure to have upon the market. Morrill and Hoar are recognized throughout the country by people of all political parties as honest men, concerned in maintaining the honor of the Senate. What they say is known to be disinterested. But when Tillman talks few people pay attention, because he is regarded as a scheming and reckless politician whose aim is personal notoriety.

The offense which Tillman alleges to have been committed is one of the gravest crimes by which a senator could betray the trust of the people. He alleges that the sugar schedule has been devised in collusion with the sugar trust to enrich that grasping combination at the expense of the American people. But it is one thing to make a charge like this, and another thing to prove it, or to get the public under all the existing circumstances to believe it.

The public realizes that a strong argument in favor of a tariff on sugar at the present time comes from the various sections where farmers and manufacturers are turning their attention to the possibilities of building up in this country a beet sugar industry. Representative Otjen, in his recent speech on the tariff bill, ventured the calculation that if all the sugar consumed in the United States were produced in this country the proceeds would afford a comfortable living for two millions of American people. That is a consummation worth striving for. It is a powerful incentive for putting a tariff on sugar, for all who know the history of American industrial development know that the cotton industry, the iron and steel industry, and other great and powerful industries, owe their existence here on a grand scale to a judicious protective tariff, which nutured them when they were in the experimental stage.

SHAME AND DISGRACE FOR OHIO.

Ohio has cause to blush deep in shame and disgrace. When the people of Urbana in that state, like a pack of wild beasts, crowded to the jail and with more and worse than ordinary violence and brutality broke into a prisoner's cell and then hanged him to a tree, they did far worse than any Southern mob can do, for they dishonored a great state and traduced the majesty of the law where it could be entirely and safely trusted. Shame on these lawbreakers! Their cowardly and unlawful outrage of law and right has placed the people of that state in the public mind with the Kuklux clan order of the South.

It would have been better for law and better for the fair fame of Ohio, had the militia shot down a hundred of this mob of "respectable citizens" rather than that the law be trampled under foot.

There is no escaping the results of wrong doing—never, never. And as sure as day follows night disrespect of law breeds unlawfulness. That consequence is inevitable, and this result is the gravest of all the evil consequences of lynch law. Ohio's disgrace is indeed great. The whole sisterhood of Northern states shares its shame.

We still have have a spell of weather.

Now what may we expect on the Cuban question?

Weyler is likely to be called home any day now.

By the revised returns the crisis gains another in Corea.

Perhaps the senate hopes by rushing the tariff bill it may shame the house into activity.

What appeared to be a Cheyenne uprising in Montana was really a sitting down—of an army officer on a deputy sheriff.

Williams college baseball championship seems now assured. Dartmouth's defeat by Amherst Friday conduced materially to that result.

There is one saving consideration in Ohio's instance of mob disgrace,—several of "the most respectable citizens" got killed by the militia.

The Canada senate has struck another blow at one of our leading industries. It has prohibited the publication of prize fight reports and the exhibition of kinetoscope pictures of fistic encounters.

Citizens who deplore the contraction of the currency should look under their houses. An administrator found twenty thousand dollars in gold in an old safe in the cellar of a deceased citizen of Atlanta, Ga.

Bandmaster Clapp had a large audience at his open air concert Friday evening. No other man in North Adams can please so many people in one evening as can Mr. Clapp and his band boys. The public is grateful,—and should show it substantially when this band has its fair.

Senator Tillman has a word of praise for McKinley. He recently said: "My call on McKinley was entirely social in its nature and was made by me for the purpose of getting better acquainted with the President than I was able to do at receptions and official calls I had made on him. I am sure of the fact that the present executive is an honest man, heart and soul, and that no matter what the influences are that surround him it will not be his fault if he does not give an honest administration according to the teachings of his party."

District Court.

Edward A. Denton, a member of a minstrel troupe, was charged with evading a board bill at Purcell's on State street. The complaint was filed away.

Is there a pain between the shoulders?
Do you hawk to clear the throat?
Is there dropping in the throat?
Is the throat dry in the morning?
Are you losing the sense of taste?
Do you take cold easily?

If you have any of these symptoms you are suffering from catarrh in some form. California Catarrh Cure will instantly relieve you and speedily cure you.

When North Adams people whom you know and can see every day say this you know you can believe it. Mrs. C.R. Smith, who lives at 24 Liberty street, experienced some of the above symptoms and when she heard the California Catarrh Cure would cure them decided to try it. Hear what she now says:

"I have suffered with that feeling of great pressure over the eyes, dull headaches, blocked nose, and dropping into the throat, all caused by catarrh. Hearing of the excellent merits of California Catarrh Cure I procured a bottle at Burlingame & Darby's drug store, and from its use have been greatly benefitted in every way. I also find it excellent for breaking up colds, sore throats and the like."

Do not sneeze and cough from head colds or hay fever. California Catarrh Cure cures one; it will surely prevent the other. Price 50 cents, three times as much, one dollar.

LOCAL INTELLIGENCE.

—Mrs. Gokey began Tuesday to build a four-tenement house on Francis street.

—W. B. Arnold, soon to be a graduate of Columbia Law school, will take the bar examination at Pittsfield next month.

—The foundation work of the new Sullivan block was finished Friday evening and the masonry work has now been begun.

—Harry, the 7-months-old son of Mr. and Mrs. Doland Borden of 199 East Main street, died Friday and the funeral was attended from the house this afternoon.

—W. W. Crocker of Hall street is confined to the house by sickness. His wife, who has been ill four weeks with rheumatic fever, is still in a weak condition.

—Cole's grove will be formally opened for this season this evening with a dance. It is the intention of the manager, H. G. Brown, to hold a dance in the grove pavilion every Saturday evening during the summer.

—George Durant has almost finished the work on the foundation of a new three-story brick block on Witt street. The cellar is to be 13 feet deep when finished. Then the structure will be rapidly pushed to completion.

—Several young boys were playing ball on Lincoln street last night when a team suddenly came around the corner from Center street and knocked one of the boys down. Drivers should use a little care in turning these sharp corners.

—The beautifully illustrated article on Williams college in Frank Leslie's Monthly, written in a most entertaining fashion by Dr. E. B. Parsons, has been put in pamphlet form and is sold at the book stores as a college souvenir. It is the best article on Williams we have yet seen.

—The closing social of W. E. Cady's dancing school was held in Div. 10, A. O. H. hall Friday evening and was very successful. There was a large attendance and every one thoroughly enjoyed themselves. Music was furnished by James Chrystal. The class has been very successful and will be discontinued during the summer months. In the fall Mr. Cady intends to form another similar class.

—Search was again prosecuted Friday for the bodies of Katz and his companion, drowned last Sunday in Pontoosuc lake. No trace was found of them. Hoter Hodecker, who runs his steamer over that course daily in summer many times, is of the opinion that there are several feet of mud at the bottom of the lake and that the men have gone into it. The brother of Katz, who came on from New York, returned a day after his arrival.

A Little ~ ~
Cough...

is like a little leak in an embankment. We see it; we are frequently reminded of it, yet we say, "It's nothing, there's plenty of water, the wheel runs and does its work" and thus through neglect this tiny stream goes on silently wearing its way into the yielding soil, until it becomes a mighty river and then—the wheel stops. You understand, the wheel stops for lack of power to move it.

Dr. Stafford's Cough Cure

will mend that little cough before it wears its way, like the stream, and becomes a mighty drain upon your system. Don't wait, there's the trouble. Waiting is what sends consumptives to Florida or some warm clime, as invalids, only to return with the despairing cry, "Too late! Too late!" We need not tell you what a cold is, or how it is contracted; you know as much about that as we do, only, don't wait. Above is the remedy.

Amherst Beats Dartmouth.

Williams' chances for the 1897 baseball pennant are brighter than ever because Amherst won the first championship game from Dartmouth on the Hanover field Friday afternoon by a score of 7 to 6. Johnson held the Hanover boys down to seven hits, with a total of 11. The pitchers divided nearly even, Johnson striking out four men and Tabor three. Two costly errors by Crellius and two by Folsom lost the game for Dartmouth. The visiting team was shut out until the fifth, when timely hits and two bases on balls helped them to tally three runs. Dartmouth scored one run in each of the first two innings and was then shut out until the eighth, when amidst deafening cheers, McCormick made a two-bagger, Folsom a single and Putnam another two-bagger, thus tieing the score. But she could not hold Amherst in the second half, when the latter scored the two winning runs, Dartmouth being able to add only one to her tally in the ninth.

Hyperidrosis Ladies!

All of you know how warm and uncomfortable dress shields are and how far from perfect for the purpose intended, and what a relief to have offered you which is warranted to prevent excessive perspiration at the armpits, and make the hot, sweat absorbing shield unnecessary.

This preparation of vegetable and mineral extracts reduced to powder form is used on any part of the body to prevent chafing, and tenderness of the skin.

It is a positive cure for chafing, excessive perspiration of the hands and feet, gives instant relief to painful smarting feet, (make tight shoes a comfort,) chapped hands, measles, prickly heat, nettle rash, chicken pox, scarlettina, shingles, itching, eczema, irritation from truss wearing, burns, cuts, sunburn, chafing, and in fact all affections of the skin.

By means of its healing, cleansing, and tonic properties it gives a new contractile tone and power to the semi-paralyzed flabby capillaries, purifying and restoring strength and vigor to the diseased and weakened glands and tissues.

It does not injure the health by stopping perspiration, as the amount is not reduced below the natural quantity.

Pleasant to use, its grateful and cooling influence is felt at once. A lady will call on you to receive your orders, or it can be had at Weber Bros. Shoe Store, Bartlett's Drug Store, or Berkshire Cycle Co.

Cong. Walker to Speak to Them.

The summer meeting of the Berkshire Congregational club will be held at the First church, Pittsfield, the last of June. The address will be given by Congressman Joseph H. Walker of Worcester, one of the most conspicuous figures in the national house of representatives and an acknowledged authority on economic questions. Congressman Walker is greatly in demand as a speaker and the club was fortunate in securing him through the friendly intervention of Rev. Dr. Davis, who formerly resided in Worcester and was intimately acquainted with Mr. Walker. His coming to Pittsfield will be likely to attract an unusually large gathering of the club from over all Berkshire.

AT ADAMS TODAY

CHURCH NOTICES.

Universalist.

The pastor's subject at the Universalist church Sunday evening will be "Am I My Brother's Keeper?" Wednesday evening the ladies will serve their regular supper.

Baptist.

In the morning the pastor will preach on "Spiritual Sepulchres." A communion service will follow. In the evening at 7 o'clock the last of the series of illustrated services on Bunyon's "Pilgrims Progress" will be given, together with a song service in which several hymns will be beautifully illustrated. The Young People's union will also hold their regular meeting. It will be led by Miss Anna Hoyser. The topic will be "Sorrows and Silver Linings." Tuesday the regular meeting of the Woman's union will be held. In the evening the ladies will serve a cake and ice cream supper. Thursday evening at 7.30 o'clock the quarterly business meeting will be held.

Methodist.

There will be the regular service at Trinity Methodist church Sunday morning. In the evening the pastor will preach on "The Successful Wrestler." The regular meeting of the Epworth league will be held and Joseph Paro will lead. The subject will be "Plain Words to Everybody." The regular meeting of the pastor's class will be held this evening.

W. C. T. U. Meeting.

The regular meeting of the W. C. T. U. was held in the reading room of the Congregation house Friday afternoon at 4 o'clock. After the opening exercises Mrs. Julia Sears of Pittsfield gave an interesting talk on evangelistic work done throughout the county and of which she is president. Mrs. Barlow of Colorado Springs, Colorado, gave a fine talk on the work done in Kansas and Colorado, speaking especially of that done in prisons and jails among young men and women. Altogether the meeting was one of the most profitable and pleasant held in some time.

Will Sign With North Adams

It is probable that Joseph Raidy, our popular young citizen and ball player will sign with Manager Lawson to play with the North Adams team. Joe is of the right stuff to play ball for he has good judgement either at fielding, throwing and especially at batting. He will play left field and unless the ball goes over the fence, batters will do well to fight shy of hitting the ball in that vicinity. Adams people will be glad to see Joe wearing the Tunnel City's uniform and the manager may count on a good share of patronage from that fact alone.

Birthday Party.

Miss May, daughter of Mr. and Mrs. Henry Fiddler, pleasantly entertained about 20 of her little friends at her home in Maple Grove this afternoon. The party was held in honor of her fifth birthday. The little ones thoroughly enjoyed themselves at various games and amusements. Refreshments were served and a pleasant afternoon was spent. The little hostess was the recipient of a number of handsome presents presented by her friends.

St. Thomas Bazaar.

The St. Thomas bazaar will close this evening. Friday evening's attendance was good. The dancing of Miss Bessie Matthews was a treat and she received rounds of merited applause. The farce, "The Green Apple Tree," by a number of young girls, was successfully given. This evening all the articles will be drawn.

Memorial Day Observance.

The annual observance of Memorial day by Hoosac Valley lodge of Odd Fellows will be held Sunday, June 20. In the afternoon the graves of the deceased members will be decorated and in the evening a memorial address will be given at St. Paul's Universalist church, by Rev. O. L. Darling.

Fell Down Stairs.

Colonel Savage had a narrow escape from serious injury Thursday. He was peddling bills and was descending the stairs at the L. L. Brown Paper company's office, when he was taken with a weak spell and fell down the stairs, cutting his nose and otherwise bruising him.

Sons of Veterans' Dance.

The social and dance given in Grand Army hall Friday evening was well attended and though the evening was quite warm yet all were pleasantly entertained. A good supper was served by the ladies of the Relief Corps. Palmer's orchestra furnished music and F. D. Field was prompter.

The meeting of the Cecelia club with Miss Mildred Jenks was a very pleasant one. During the evening W. S. Jenks invited the club to J. W. Thompson's drug store where all enjoyed ice cream soda with crushed fruit.

The time when all dog taxes should have been paid was May 1. However such is not the case and there is liable to be some fun in town in a few days. The town clerk says there is a large number of dogs unlicensed and if the owners do not get a move on them at once he will issue a warrant for their arrest and it will be no respector of persons. Therefore it is better that those persons to whom this warning is given, take heed and settle.

A Fast Horse Sold--About Street Lighting--New Officers Chosen--The Emery Wheel Burst.

A Fast Horse Sold.

Mrs. Z. F. Beverly received a letter Friday from her husband at Readville, Mass. saying that he had sold his pacer, Daylight, for $2,500. The horse won second money in a race at Readville last Tuesday making a record of 2.19 1-2, and is entered in two races at the same place next week, the 2.24 and 2.35 classes. The horse was driven last Tuesday by Mr. Beverly's 16-year-old son, Z. F. Beverly, Jr., who has never had any experience at driving in races, and the work of the horse is not less admired by horsemen than that of the boy. Daylight is about seven years old. He was raised by a farmer in this town and Mr. Beverly traded a horse for him when he was two or three years old. He was a large and awkward colt and no one considered that he would ever develop speed, but the boy who used to ride him, soon discovered that he was faster than the ordinary horse and from that time his speedy qualities have been gradually developed. Mr. Beverly's price for the horse before last Tuesday's race was $1,000

About Street Lighting.

N. H. Sabin was in Great Barrington a few days ago and found that that village had decided to discard arc lights and use incandescent lamps for street lighting. He says the arc light is not desirable where there are many trees in the streets and that gas will be much better for street lighting in this town. The work of putting in gas in accordance with the vote of the fire district will soon be begun and it is expected that about 100 lights will be provided.

New Officers Chosen.

At a meeting held Thursday evening the Christian Endeavor society of the Methodist church elected officers for the ensuing six months as follows: President, Mrs. H. H. Heap; vice-president, Arthur Lester; recording secretary, Jessie Goodrich; corresponding secretary, Mrs. A. E. Hall; treasurer, Mrs. S. H. Roberts.

The Emery Wheel Burst.

Peter Martin was painfully injured the other day while at work in the mill. An emery wheel burst and he was hit on the head and wrist by flying pieces. Dr. Brosseau dressed the wounds and was obliged to take several stitches in the cut on the head.

Letters are advertised at the postoffice for Thomas Flanders and Miss Cora Noel.

A. C. Howland and family have returned to New York. The Howland cottage is occupied this summer by Mr. Boardman and family of New York.

The funeral of John Grady was largely attended from St. Patrick's church Friday morning. Many beautiful floral offerings were contributed by relatives and friends.

A son was born Wednesday to Mr. and Mrs. C. Roy of Linden street.

Miss Margaret Boulger, who has been working in town, has gone to her home in Worcester.

Green River grange will have a strawberry festival and dance next Friday night.

Mrs. Newell Noyes is visiting her folks in Albany for a few weeks.

The directors' car of the New York, Chicago & St. Louis railroad passed through town Thursday evening west bound, the directors and some other officials of the road being on board.

D. W. Noyes has been confined to his house for a few days by an attack of shingles. Mr. Walley of North Adams takes charge of his store during his sickness.

The Village Improvement society will hold a meeting Monday evening.

Rev. Mr. Merritt addressed a young people's meeting at Curtisville Friday evening.

CHARLEMONT.

Memorial exercises at Charlemont under the direction of Superintendent Darth passed off very pleasant and like clock work. First the scholars of the schools outside the village decorated the graves of the soldiers in their district at 9 a. m. The teachers and scholars of all the schools met at the village school house, and with Lieut. L. B. Rice, as marshal, marched to the village cemetery. More than 200 were in line, and spread flowers on the graves of the soldiers buried there. Then they marched back and saluted the flag, which was hung over the street,—a well done and very impressive ceremony. After this all went to Goodnow hall, which was packed full, more than 400 persons being there. First was singing by the choir, "Rally Round the Flag, Boys," which was much enjoyed by the old soldiers and all others. The scholars all took their parts well. The address of Rev. W. T. Miller, an old comrade, was just fitting for the day and his comrades enjoyed it much. All went home happy.

The Charlemont creamery made 2338 pounds of butter last week. We hope the farmers will add more cream so as to make 3500 pounds this week. It paid 20½ cents a pound for the month of April.

F. M. Legate has taken a contract to build about a mile of new road in Heath.

Rev. Mr. Joslyn has returned from a three weeks' visit in the eastern part of the state.

ROWE.

Bessie Smith has gone to East Charlemont to work.

Mrs. Mary Ballou is visiting her brother, Hosea Ballou in Whitinghum.

Mrs. Baker of Hartford is at Mrs. Browning's.

Mrs. J. P. Foley of Boston is at B. T. Henry's.

A signal station has been erected on Adams Mountain by a corps of the state survey. During July and August members of the corps will be stationed here to carry on the line of work which has already been done east of the Connecticut river.

June 10 there will be an entertainment given in the town hall. A young lady graduate from Emerson's School of Oratory, Boston, will give readings and recitations, and there will be music both instrumental and vocal.

ASTHMA AGONY.

Munyon Has Mastered This Living Death.

A GREAT MEDICAL DISCOVERY.

No one who has not experienced or witnessed the agonies of asthma can realize the horrors of that disease. It is little exaggeration to say that sufferers from asthma die many times. Acute paroxysms frequently result in unconsciousness and sometimes in death. Like many other diseases which have baffled medical skill for centuries, however, asthma has met its master. Munyon's Asthma Herbs will stop the most violent paroxysm of asthma in three minutes. They are compressed into triangular pastilles, the most convenient form for burning ever discovered. Used with the Asthma-Cure, they will positively and permanently cure the worst forms of asthma. Professor Munyon guarantees it. A box of Munyon's Asthma Herbs with Munyon's Asthma-Cure may be obtained from any druggist for one dollar.

Mr. Daniel W. Fink, 139 Church Street, McSherrystown, Pa., says: "A member of my family suffered from asthma for a long time. Her distress during the paroxysms of short breathing was very great. She tried a great many kinds of treatment without obtaining more than temporary relief. Finally, I placed her under treatment with the Munyon Remedies, using the Asthma Cure and Asthma Herbs, and I am pleased to testify that this treatment has completely cured her."

Munyon has a separate specific for each disease. For sale by druggists. Mostly 25 cents. If in doubt, write to Professor Munyon, at Philadelphia, and get medical advice free.

Pure—

...Ice

It is absolutely vital for people to use pure ice during the summer. More cases of sickness are caused by impure ice than from any other one cause. Our ice is absolutely pure and guaranteed. It has for years been inspected and approved by boards of health and physicians. Never has a single case of sickness been reported as caused by the products of our ice houses. Our ice for forty years has been harvested from spring-water-fed ice ponds, and is clear, solid, and wholesome. Insist on having our ice and you may always feel safe.

SOME PLAIN TALK.

Pay Your Share for Street Sprinkling or Take the Dust.

EDITOR TRANSCRIPT —Allow me a little space in your paper to say a word about the sprinkling of our streets of which I have charge. People should not expect to be well served unless they are willing to pay their share of the expense. Some people are too little to do that. For instance, on Eagle street the Troy Cash grocery store is willing to let its neighbors pay for the sprinkling in front of that store. Another such one is the candy store owner on the corner of Center and Eagle streets,—he even wants to dock for a rainy day when I ask him only 25 cents a month. On Main street one of the druggists refused to pay a cent all last summer toward the sprinkling of Main street. A large property-owner on Church street who rides a bicycle and claims he don't like the "mud" refuses to pay. There are others,—and the street in front of their places will not be sprinkled from now on unless they pay. So people will have a chance to know who these people are If all would pay equally all would have better service, for I could sprinkle light and often avoiding anything like mud and yet keeping the dust down. If I am not supported, I will have to take all my sprinklers off the streets.

NELSON YON.

EVERY MAN HIS OWN BARTENDER

Or Life in a Tenement House and No Fourth Class License.

A very common sight is that of a young man on Centre street, who poses as a model to his fellow-workmen in one of the shops in this city, wending his way down the street, with a small telescope bag, such as is used to carry one's washing to the laundry. Ah, but it was not washing of that kind he was after. He sought the wholesale liquor store where he purchased one of those combination mixed lager cases This is not an unusual case. When you see a man come out of a saloon with a satchel, an oil can or a maple sugar can, you may have your suspicion that a license is being broken.

In this instance, the young man's landlady discovered that the signs of high times in his room almost nightly had their cause in his convenient "telescope" bag. He has been having it and himself full almost every night.

Bicycle Paths in the County.

A survey of the bicycle path on South street has been made It is proposed to begin the path just beyond Miss Redfield's and continue along the west side of the street to the foot of "Snake hill." The distance is about a mile and an eighth. The path will begin again at the top of the hill and will continue as far toward Lenox as the cycle path appropriation $500 will allow. The path will be built of coarse gravel which has been found to be superior to cinders. The path will be six feet wide It is estimated that the cost of building the path to the foot of "Snake Hill" will cost close to $200. At this proportion the path may be built nearly to the Lenox town line A member of the common council said Wednesday night that the building of cycle paths north and south through the town would attract the attention of hundreds of cyclists, who are yearly touring the state, and its popularity would ultimately bring about a continuous cycle path from the north to the south of the county. Few people, who are not themselves cyclists, realize the number of wheelmen daily passing through Pittsfield. The work on the path will probably begin next week.—Pittsfield Eagle.

They Met on Lawsonian Park.

The Wine Clerks and Dry club had a game of ball at Lawsonian park Friday afternoon that for fun and interest has not been beaten on that baseball battlefield. John O'Brien is captain of the Wine Clerks and Patsy Ryan is lieutenant general commanding the Dry Club, and when their respective baseball warriors meet there are balls and base-runners flying through the air. The score Friday resulted 8 to 7 in favor of the Wine Clerks The batteries were Jack Dooley and John O Brien for the Wine Clerks and Durkins and Davidson for Dry Club. The score was tied in the sixth inning, 7 to 7, and only one man could cross the plate afterwards, which shows some pretty good playing. But the "jollying" beat the playing all to small pieces. The North Adams Wine Clerks will now probably play the Adams Wine Clerks.

Bird After a Mouse.

A curious sight was seen on Bank street this morning. A mouse was running along by the curbstone trying to find an opening large enough to shelter him, and of course he could not expose himself there without being chased by something. In this case it was neither cat, dog nor boy that got after him, but an English sparrow which followed him closely until he mounted the sidewalk and disappeared through a grating in the walk by the Boland block. The sparrow did not attack the mouse, but it seemed to be greatly interested in him and some of the spectators of the strange chase came to the conclusion that the bird was contemplating the luxury of a fur-lined nest.

Three Lawyers Fishing.

Lawyers are sometimes confounded with another similar name that denotes a lack of veracity. But there are times when exception should be noted. Three North Adams lawyers, Messrs. Parkhurst, Beer and Dowlin, went trout fishing one day this week. They came home and truthfully reported that they had only fisherman's luck, wet feet and great hunger, (they don't say what became of their thirst). They fished the North branch without success, and confess to a later campaign on the trout in Paradise's pond where they captured several pounds. But they do not consider this a brave feat. In fact they have been commendably truthful. Let all other lawyers note this.

A Gritty Little Girl.

Ellen, the little granddaughter of Alonzo Campbell of Ashland street, attends the kindergarten school in the basement of the Baptist chapel, and Friday morning while playing about the soldiers' monument she cut her arm above the elbow severely on the point of one of the pickets of the iron fence inclosing the monument. Without saying anything about it the child went to school as usual and let no one know of the accident until the close of the session. She was then taken to the office of Dr. M. M. Brown, who administered an anaesthetic and stitched the wound.

DENTAL OFFICE FLOODED.

The Water Also Finds Its Way to a Dry Goods Store.

The dental office of Dr. J. R. White in the Blackinton block was badly damaged by water Friday noon. While the water was shut off on Main street for repairs or alterations of the main some one in the tenement over the office opened a faucet and, getting no water, carelessly left it open. While Dr. White was at dinner the water was turned on and, there being no one in the room where the open faucet was, a flood was soon started and Dr. White's office was thoroughly drenched. The floor is covered with linoleum, which held the water, and when he arrived it was about an inch deep. A scoop-shovel and pails were procured and a large quantity of the water was taken up, but not till some of it had found its way down into Taylor's store, where a lot of goods were damaged. Much more damage would have been done in the store if Mr. Taylor and his clerks had not speedily covered the goods with mackintoshes, etc., to keep out the water.

But Dr. White was the worst sufferer. His operating chair was soaked, his instruments were wet, a large piece of plastering was brought down from the ceiling and the wall paper was destroyed Dr. White says he would not have had the trouble happen for $100

The happening is not the first of the kind in this city and it emphasizes two things—first, the necessity of faucets that close automatically in all places above the first floor, and, second, the need of extreme caution where such faucets are not provided on the part of those handling ordinary faucets. If this trouble had occured in the night instead of the daytime the loss would have been very much greater.

Delegates Chosen.

The regular meeting of the W. C. T. U was held Friday afternoon and although the attendance was but fair yet considerable business was done. The union is arranging for a silver tea to be held some time this month The following delegates were chosen to attend the county convention at West Stockbridge: Mrs. A W. Crandall, Mrs. H. Morrison, Mrs. A Reynolds, Mrs. Rose Isabell, Mrs Henry Boardman, Mrs. John Sessions, Mrs H W. Wills and Miss Belle Babson. More delegates will be chosen later.

A CHANGE DESIRED.

Petition Asking the Commissioners to Move the Court Room.

A petition is in circulation asking the county commissioners to grant the removal of the court room from the city hall to the new quarters in the city's building on State street, and a good number of signatures have been appended. The new quarters are nearly ready for occupancy and will serve their purpose well A steel vault has been provided for the safe keeping of records and other papers, the ventilation is good and the proximity of the police station will preclude the necessity of marching prisoners through the streets from the station to the court room The room occupied by the court is needed for office purposes and the change, which will without doubt be granted by the commissioners, will be a direct and decided benefit to the city It is understood that the Young Men's Christian association will also petition the county commissioners in favor of the removal, as the present court room is directly opposite the association's property and quite often attract an undesirable crowd.

*Ladies' Oxford ties in black, wine and russet, all sizes, B, C, D, E, EE widths at Murdock's, 7 Eagle street, just off Main.

*Best ice cream soda for 5 cents at Hourahan's ice cream parlors.

POWNAL.

The session of the Hoosac Valley conference of the Advent church which is going on this week at Pownal Center has proved an interesting and profitable one. This is the largest conference that ever convened in Pownal and they voted to have a camp meeting at Fair Haven, Vt. This has been by far the most successful meeting they have ever held, inasmuch as the religious spirit has been so plainly present. The Pownal church has voted to withdraw from the conference inasmuch as they desire an independent church. The president, Rev. Mr. Higly of Sandy Hill, N. Y., conducted the services in a very acceptable manner. Rev L F. Baker was present from North Adams with a large delegation Rev Mr. Hewitt from Rutland, Vt, was present and took an active part in the services. A young man named Hall from Sandy Hill, N Y, was ordained to the Christian ministry. The services end tomorrow evening.

Thomas E. Harris lost a horse Friday. It died instantly on the West mountain.

Pownal vs. Blackinton at Blackinton this afternoon.

Mrs. Knight of Springfield, Mass., and Mrs J. W. Haley of Westmorland, N. H., have returned home.

T. H. Hall has returned from Arlington where he has been attending the session of the county court as grand juror.

N. H. Johnson and Miss Lydia Green were quietly married this morning at the residence of E. L. Niles. None but a few intimate friends of the parties were present. N. S. Johnson is a veteran of the late war and Mrs. Johnson is the popular teacher in the so called fractional school district. The ceremony was performed by Rev. B. F. Kellogg.

Miss Rose Lewis of Hoosick Falls, N. Y., with her daughter and son, are the guests of Mrs. Ezra Cusson.

M. P. Cornwall of New Haven, Conn., was the guest of A. G. Parker, Jr., this week.

The second wedding anniversary of Rev. and Mrs. Kellogg Wednesday evening was a very pleasant event. A substantial purse of about $75 was left by those who attended.

White Suit for Michael Foley.

EDITOR TRANSCRIPT —We notice with pleasure your suggestion that Michael Foley, the efficient street sweeper, be garbed in white after the style of Col. Waring's "white angels" in New York city. We heartily second the motion but suggest that by reason of the good Michael's strict and faithful performance of duty that he will need a duplicate suit, giving him a change of raiment. We therefore subscribe to your fund two suits of white duck for our street cleaning department. C H. CUTTING & Co.
